

Anti-Slavery Policy

Policy statement

Modern slavery is a crime and a violation of fundamental human rights. It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking; all of which have in common the deprivation of a person's liberty by another in order to exploit them for personal or commercial gain.

Cable Consulting International Limited have a zero-tolerance approach to modern slavery and we are committed to acting ethically and with integrity in all our business dealings and relationships and to implementing and enforcing effective systems and controls to ensure that modern slavery is not taking place anywhere within our own business or in any of our supply chains.

We are committed to ensuring that there is transparency in our own business and in our approach to modern slavery throughout our supply chains, consistent with our disclosure obligations under the Modern Slavery Act 2015.

We expect the same high standards from all of our contractors, suppliers and other business partners, and as part of our contracting process, in the coming year we will include specific prohibitions against the use of forced, compulsory or trafficked labour, or anyone held in slavery or servitude and we expect that our suppliers will hold their own suppliers to the same high standard.

This policy applies to all persons working for us or on our behalf in any capacity, including employees at all levels, directors, officers, agency workers, seconded workers, volunteers, interns, agents, contractors, external consultants, third party representatives and business partners.

We are committed to providing our staff with a salary which at least meets the National Living Wage and offering the required statutory leave entitlement. The former is audited monthly through the payroll process and procedures and the latter by review of the employment contract and related documentation coupled with the payroll audit. Furthermore, we ensure all our staff have provided their National Insurance Number, and Working Visa if applicable, prior to their employment and perform the necessary checks to determine their eligibility to work in the UK.

Cable Consulting International Ltd. requires of all our suppliers and sub-contractor's compliance with our pre-qualification system. This is being adapted to incorporate sufficient information to ensure that we are confident that our supply chain upholds the same standards, principals and business ethics that we do. Any new contracts entered into for suppliers outside of this system will be similarly vetted and scrutinised. Contracts will not be entered into or renewed if we feel the supplier does not reach our standards or has progressively allowed their standards to lower.

Should you require any further information, please contact us directly.
